FROM Dubai – Take the **Sheikh Zayed Road** to Abu Dhabi.

As you approach Abu Dhabi along the highway you will pass signs to the oil refinery (SAS NAKHEEL). Thereafter you will see signs to Maqta and Musaffa bridges on to the island of Abu Dhabi.

Take the turn off to **Maqta bridge (the first bridge)**. You are now on what's called Old Airport Road. Follow the road straight through a series of traffic lights intersections. You will cross a series of decreasing odd numbered streets 29th, 27th etc.

About 10Km from Maqta Bridge look for the 19th street (Al Saada St) turn off at "Immigration" flyover. Do not go over the flyover. Take the exit road from the right the right lane just before the flyover, and then turn left at the signals under the flyover. You will now be heading roughly SW on 19th Street. *If you miss the 19th street turnoff don't despair. You will come to traffic lights at the intersection with 15th street. Turn L at the traffic lights and continue with the directions as below.*

Travel across intersections at 24th and 28th streets and then turn R on to 30th (Khaleej Al Arabi) Street, also known as Musaffa Rd. This is a major highway. You will be traveling NW again. Proceed straight

through the traffic signals with 13th, 11th and finally 9th (Al Falah) streets. Pass the first right turn after signals). Take the next right (slip road about 250m from 9th street signals) to BVC villa parking area.

The clinic is a double villa with a very large (5m x 2m) illuminated green sign on the second floor displaying “British Veterinary Centre”. There is a second sign saying Eurovets.

If you reach the Corniche you've gone too far. Make a U-turn at the next signals, drive back down 30th (Khaleej Al Arabi) street to the junction with 9th, make another U-turn and find BVC about 300m on your right. You can always telephone us to talk you in.

Good Luck

The BVC team
